HOW IT WORKS

BOOKING

- Step 1: Customize your Package - Zoom or call with Inanna
- Step 2: Reserve your Date and put down your deposit
- Step 3: We'll work together and I'll work with your planner to ensure smooth sailing!

BEFORE THE EVENT

Once you've chosen an illustration package (see the next page) and reserved your date with a \$650 deposit, I'll send over a quick questionnaire so I am fully prepared for your event! I'll bring all of my materials. All I need from you is a table and a chair!

DAY OF THE EVENT

I'll arrive early to set up and make sure we connect. I know you're busy! I bring all of my own signage and materials, including recyclable plastic sleeves to protect each illustration. I work with your planner to arrange everything beforehand (so no stress!)

When the cocktail hour, reception, or event begins and people start entering, I invite them to get a drawing as they pass by. My signage also explains the process. I use my phone to snap a head-to-toe photo and get their names.

As they enjoy the event, I complete their drawings for them to take home at the end of the event.

POST EVENT

Depending on your package, I'll complete any additional illustrations and mail them to you after the event.

TESTIMONIALS

Thank you to all of the amazing couples who have submitted their experiences!

Inanna traveled to Sonoma to do guest portraits for our wedding, and was fabulous! She was super easy to work with, and all the guests loved the portraits! Everyone keeps talking about what a great favor they made. Would highly recommend working with Inanna!

Caroline, 2025

Her drawings were amazing. I received nothing but positive feedback regarding how much the guests loved their drawings. I would definitely recommend her for ANY special event. I still have guests requesting her services for additional portraits. Inanna was wonderful to work with and so accommodating. She will stay in my contacts for future events!

Phyllis, 2025

Inanna was the BEST addition to our black tie optional wedding! Guests could not stop gushing about having a personalized, professional sketch to take home as a favor. After the wedding, our guests consistently expressed that the live sketch was their favorite part of the wedding and one of the best forms of entertainment/wedding favor they had ever seen. HIRE INANNA YOU WILL NOT REGRET IT!!

Mackenzie, 2024

I cannot express how AMAZING Inanna is! I hired her to do live illustrations at my wedding! She was amazing enough to fly to my city and my guests LOVED this so much! It's all my guests could talk about! Inanna was so lovely to work with! The whole process was smooth and easy. I cannot recommend her enough! She truly is amazing and is talented!

FREQUENTLY ASKED QUESTIONS

Have a question I didn't answer below? Please let me know!

WHAT'S YOUR STORY?

Almost 20 years ago, I got my BFA in Fine Art and Fashion Design and specialized in fashion illustration. While I haven't always worked as an artist, I have kept up my skills throughout the years. I have been doing live illustration since 2021 and love it more than ever! I have illustrated at over 200 live events internationally including weddings, corporate events, retail events, and more!

HOW MANY GUESTS CAN YOU DRAW?

It depends on the illustration style you choose (black and white or full color) as well as the event flow and dress code. Generally, I can draw between 14-16 guests (7-8 couples) per hour in black and white, or 8-10 guests (4-5 couples) per hour in color.

WHAT IF I WANT EVERY GUEST TO GET A DRAWING?

If you would like additional guests to get a drawing, I can take photos of all guests who would like one and complete them in my studio after the event at a discounted rate. I then mail them to you for distribution (goes great with thank you notes!)

WHAT DO YOU NEED FOR SET UP?

I bring almost everything I need! All I will need from you is a table, linen, and two chairs near an outlet.

DO YOU HAVE A TEAM?

While I am happy to work alongside additional illustrators, I do not have a team for events - it's just me! It is very important to me to maintain a certain level of quality in all of my illustrations and I feel that I offer the best experience when I do each drawing myself.

THANK YOU!

I look forward to working with you soon!
